## Tinder: An Elegy

Ok, so we're a little late to the game. We just discovered Tinder this weekend, and boy was it a heady time. The initial rush of making matches wore off as the night progressed, and soon we were left with the crushing loneliness that only a night swiping through pictures of local singles can create. While our exploits on Tinder were both unproductive and superficial (and fed into our compulsive tendencies), they did yield some beautiful conversations.

Here goes:
